AGENDA:

I. Prayers

2. Opening remarks by H.E. (Chairman)
3. Strategy for the next 50 years
4. Plan of action.

Minute 1.00:

The meeting started with a prayer led by the Rt. Rev Bishop Ruhindi at exactly 11.00pm, who prayed for good deliberations.

Minute 2.00:

The Chairman, H.E., welcomed the Basita Clan and other clans present in his home. He briefed members present the purpose of the meeting and thanked organisers for a good job done.

He told members that the only opportunity they have is this one when he is still President. He directed Hope Kivenjere to act as a link between his office and these people at the grass roots. He told them that they were few in number and that he fought to liberate them so that they could be heard in society and Uganda at large.

He reminded them of the need to have a master plan for at least 50 years if their Hima clan is to remain vibrant and rich.

H.E. told his listeners that if they cannot use the opportunity maximally, their daughters and sons would blame them in the future.

At this function he revealed to them a scheme and plan of action in order for them to achieve desired goals as:

1. To have the highest education qualifications during this term of office for their children;
2. To make sure they are the richest people in Uganda in the 50 years master plan;
3. To make sure they control the army and have the highest ranks in the army;
4. To ensure that they take charge of all the resources in the country;
5. To ensure that everybody else is poor so that they could be controlled and respect the group;
6. To ensure none of those not concerned not to know about the action plan.

Every one of them was directed to recruit the Bahima boys to join the army so that they could dominate the ISO, PPU, ESO and Military Police. This would assist in the resisting of other tribes that would attempt to take power by the use of force.

4/13/02

Minute 3.00:

The Chairman informed the members to unite so that they could remain the only kings in the region. He said that the master plan could not be achieved unless 80% of their youths are properly trained and equipped with the best necessities to manage these issues.

At this juncture the chairman directed Mr Eli Karuhanga to take charge of educating the sons and daughters and send them abroad in countries such as India, England, America and South Africa. Karuhanga accepted the responsibility without hesitation.

The Chairman also directed My Kirimani to take charge of the educating the daughters and sons internally, especially to ensure that he put up a special school in Nyabushozi to cater for the interests of the group.

On this note Mr Kutesa suggested to upgrade Kanyaryeru Resettlement School from Nursery up to secondary, which passed with no amendments.

Minute 4.00:

Mr Elly Rwakakoko interjected the chairman's speech by giving direction to members on the real discussion by introducing a new chapter of how the H.E could be succeeded after his term of office.

On this point Mrs Jovia Salim Saleh begged members to ensure that after H.E, the next president must come from the Basita Clan. She said that H.E. had done a lot for the Basita Clan and taken a lot of risks for the last 20 years and therefore it was important that the Basita take charge of the resources of the country if other Bahima are to benefit.

On this point of order the chairman wanted to know whether Mrs Jovia Salim Saleh was in order to single out the Basita Clan and yet the meeting was for the whole Bahima of Ankole and parts of the country. The members resolved that she was not in order.

Minute 5.00:

Mzee Ephraim Rusimira suggested that the next president should be the brother of the president of the master plan is to succeed. He warned that if the Beiru and other non-Bahima clans get to know about the action plan, it would fail to take off.

Minute 6.00:

Mzee Rutamwebwa suggested that Salim Saleh should go back to school if the objectives of the action are to be achieved. He suggested that Salim Saleh has to get

'O' Certificate and 'A' level Certificate. This was unanimously agreed.

He also suggested that some close clansman, possibly the son of his H.E. should be groomed to take over the reigns from Salim Saleh. This to was agreed on and the group begged H.E. to look around for a boy who would be groomed.

The group also brainstormed about how to destroy those who would gang up to take over power from the clan. Death was suggested for the potential.
